RULES OF WATER WORKS :

All persons making application for water, or to be transferred, and all desiring to pay water rent in the office, will bring the number of their hydrants.

Hydrants are to be kept in good repair by the owners or occupant.

In all cases where the person desires a return of rent the water receipts must be returned to the office.

The following abuses, viz: first, permitting the use of water for any other purpose than that named in the bill; second, sprinkling the streets with hose, except by special permit; third, permitting leaks or other defects in hydrants or other fixtures; fourth, permitting water to run unnecessarily, will be followed by the stoppage of water from hydrants and the infliction of the penalties prescribed by ordinance.

No person is permitted, without the consent of the proper officer or person, to turn any private or public stop cock.

Upon a return of a bill to the office for non-payment, the water shall be immediately shut off, and where there is a cistern on the premises it shall not be turned on again until the bill due when turned off is paid; and when there is no cistern the water shall not be turned on again until the amount due up to the time the water was turned off is paid; and where the ferule is drawn, additional will be charged for re-setting the ferule.

In all cases where water is turned off in account of any abuse or violation of the rules, the owner or occupant of such premises shall pay fifty cents for turning the water off and on.

BUCKETS AND PAINT PAILS.

Corn, Coal and Lime Bushels, Half Bushels, and all the smaller sizes; Steam-boat, Stable and House Buckets; also, Well Buckets, Self-Emptying Well Buckets and Stock Well Buckets.

They are made of a superior quality of Sheet Iron, with Wooden Bottoms bound with Iron before they are put in, and hoops shrunk on same as a tire is put on the wheel of a wagon.

IT IS ECONOMY TO BUY THEM.

The Measures are always correct, and are not injured by rats or other animals. The Buckets do not fall to pieces when exposed to the sun.

FOR SALE BY ALL THE LEADING HARDWARE HOUSES.

Patented Sept. 16, 1873.

IRON PAINT PAILS FOR MIXED PAINTS, &c.,

With Wooden Heads, which require no boxing to ship them; and the paint is always ready for use, in small quantities, by simply removing the bung, stirring up the paint, and painting from the hole; when done, the bung can be replaced, thereby excluding the air until the remainder of the package is wanted, when the head may be removed, thus making a good bucket for paint or other uses. The large sizes, when emptied, make excellent slop or garbage buckets. Send for Circulars and Price List. Address

N. M. DENNIS' PATENT HOISTER,

FACTORY AND OFFICE:

133 Home Street, CINCINNATI, O.

This is a New and Improved SAFETY Elevator.

It embraces qualities which render it safe beyond any contingency. It may be hoisted or lowered and stopped at any point, in a perfectly rigid condition, without the exertion of a single pound of strength. The Safety Catch is so arranged that the heavier the load the more firmly it will hold. The hand rope is of the best grass, and the lifting rope of Roebing's steel wire. Specific directions for putting up and operating are furnished with every machine.

SEND FOR CIRCULAR.

DAVID GIBSON, President.

W. H. WALLINGFORD, Secretary.
